

OPITO GLOBAL TRAINING CERTIFICATE

ADNOC Technical Academy

PARTNERSHIP & ACCREDITATION

ABOUT OPITO & ATA

OPITO is the global skills and safety body for the international energy industry.

ADNOC Technical Academy (ATA) is a nationally and internationally accredited training center delivering qualifications in **Mechanical, Electrical, and Instrumentation & Control Maintenance**.

With expert oil & gas trainers, advanced workshops, and cutting-edge systems, ATA provides high-quality training to meet industry requirements for entry-level technicians.

COURSES AVAILABLE AT ATA

- 1 OPITO Global 2 Training Certificate:**
Maintenance Practices (**Mechanical**)
- 2 OPITO Global 2 Training Certificate:**
Maintenance Practices (**Electrical**)
- 3 OPITO Global 2 Training Certificate:**
Maintenance Practices (**Instrument & Control**)

Duration: 6 weeks (180 Hours)

COURSE DELIVERY

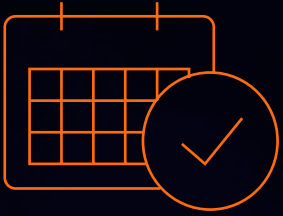

Location

ATA Campus

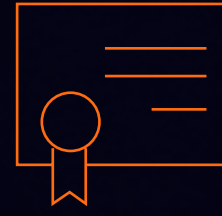

Entry Requirements

Minimum of high school grade 12.

Preparation Program

Candidates without field / site experience must complete a 2-week preparatory course before the main 6-week program (total duration: 8 weeks).

English Proficiency

Candidates should demonstrate basic written and spoken English skills equivalent to: CEFR B1–B2 / IELTS 4.0–5.0 / TOEFL C30–45

TRAINING BENEFITS

Gain the technical knowledge and practical skills needed for entry-level maintenance positions.

The program enhances safety awareness, technical competence, and readiness for industrial employment.

Certificates are awarded by an internationally recognized body.

CERTIFICATE EQUIVALENCY (UAE)

Recognized as Certificate Level 4 in Maintenance Practice

ASSESSMENT METHODS

Knowledge Assessment

Conducted through supervised, closed-book written tests with straightforward questions.

Practical Assessment

Based on observed performance during maintenance tasks.

Candidates are evaluated on safe work practices by qualified assessors.

FUTURE PATHWAYS

Graduates can progress to the **OPITO Level 3 Training Diploma in Maintenance Practices**, offered at ATA or within industry workplaces under the supervision of ATA assessors and verifiers.

AVAILABLE DIPLOMAS

1. OPITO Global 3 Diploma **Maintenance Practices (Mechanical)**
2. OPITO Global 3 Diploma **Maintenance Practices (Electrical)**
3. OPITO Global 3 Diploma **Maintenance Practices (Instrumentation & Control)**

Duration: **6 months (525 hours)**

PARTNERSHIP & ACCREDITATION DEPARTMENT

Development & Accreditation Section

ADNOC Technical Academy

delivers competency-based training across multiple disciplines:

- **Electrical, Mechanical**
- **Instrumentation**
- **Operations**
- **Including the Operator Training Simulator (OTS).**

Training is conducted at ATA's Al Shuwamekh campus in Abu Dhabi.

ATA's mission is to help oil and gas organizations develop a highly skilled, safety-oriented workforce, enabling them to enhance productivity and operational excellence.
